

Recommendation to take out an overseas travel insurance

Embassy of Japan in the State of Qatar

Dear travelers to Japan:

It is recommended to take out an overseas travel insurance.

- An overseas travel insurance makes you feel secure, even in emergencies, and you can enjoy your trip.
- Medical expenses can be very high in Japan. If the travel insurance you purchased offers sufficient coverage of treatment costs, you can receive treatment without concern.
- It is recommended to have an overseas travel insurance with travel support for hospital referrals, medical interpretation, and cashless medical service. (We recommend that you check your insurance details before travelling. For example, perinatal care is not covered by travel insurance and can be expensive.)
